

CITEL

Lightning current counter outdoor and indoor

LSC-A

- Lightning current counter
- For LPS and SPD
- Outdoor or indoor application
- Mounting on conductor or Din rail
- Compliance with EN 62561-6

Electrical Characteristics		
Minimum current sensibility	I _{tc}	0.5 kA
Max. admissible impulse current	I _{mcw}	100 kA
Power		Internal by battery
Life expectancy (before battery replacement)		5 years
Mechanical Characteristics		
Mounting		flat grounding tape (max width 30mm, max depth is 6mm) or round grounding wire (Ø 11mm max is suitable for 35mm²)
Accessory(s) provided		Mounting flange
Housing material		Thermoplastic UL94 V-0
Protection rating		IP67
Maximum number of events		999999
Display		LCD
Dimensions		66 x 55 x 47 mm
Standards		
Standards compliance		EN 62561-6
Part number		
790121
